

# PARTIAL WEDDING DAY PLANNER

*You have started the process and are feeling a little overwhelmed, and you need someone to come in and take the reins. I can do that! I have a list of vendors that I enjoy working with because I know that they are the best at what they do, and I have a vendor for all budgets! We will develop a timeline together to get in all the things you want to happen during your ceremony. I will visit your venue with you, create floor plans, follow-up with vendors and supervise their arrival times on day of. I will help you plan your rehearsal dinners as well as supervise your rehearsal.*
